

1.

foil  
about 24 inches long

2. fold in half,  
and then in half 3 more times

3. Now you will have a long thin strip.  
this time fold in half down the middle  
to create an extra thick 12 inch strip

4.

Now your going to take  
your extra thick strip and  
fold it in half lengthwise  
one final time.

5. Using your  
drawing as a guide  
bend your foil  
until it takes  
the shape. Cut off  
any extra and staple  
shut the two ends
